Description: Zen Camera is an unprecedented photography practice that guides you to the creativity at your fingertips, calling for nothing more than your vision and any camera, even the one embedded in your phone. David Ulrich draws on the principles of Zen practice as well as forty years of teaching photography to offer six profound lessons for developing your self-expression....

Review: I bought two photography books from Amazon on the same day, this one and another that cost almost twice the price of Zen Camera. They arrived together, and I was sure the prices were swapped. This book in terms of content, binding and quality should cost much more, when compared to the second book of the two. This book begs for the use of a highlighter....
